MEMORANDUM FOR THE RECORD

SUBJECT: DCI/DDCI Meeting with the Assistant to the President
for National Security Affairs, 11 July 1985

1. Also in attendance were Admiral Poindexter and Ken DeGraffenreid.

2. McFarlane indicated that he had breakfast on Thursday with the SSCI and they had a general discussion of what's going on in the world. The Director mentioned the CI hearing coming up (18 July) and noted to McFarlane that we were bound to be asked by the Committee where we stood on all the SIG(I) recommendations to the NSC regarding the hostile presence. He also noted that the leaks hearing was coming up on the 24th. McFarlane replied that he had to address these issues but the NSPGs on Libya and South Africa were first on his platter. With that as his response, I doubt that he will provide real concrete guidance for the hearing.

5. The Director asked me to explain the problem we were having with State [redacted] I noted the details of the problem as set forth in Tab D. McFarlane asked that Casey send a letter to Shultz setting forth our proposal with a drop copy to the NSC. That will give McFarlane the excuse to call Shultz and support our request. (C/PPS action underway.)
